

Malus 'JFS GM272MX'

Coral Spear® Crabapple

Height: 20' | **Spread:** 8'

Zone: 4

Shape: Narrow upright column

Foliage: Dark green

Flower: Pink

Fruit: Yellow to golden orange ½"

DISEASE RESISTANCE:

Scab: Excel.
Cedar-Apple Rust: Excel.
Mildew: Excel.
Fireblight: Excel.

Deep pink buds open to pink flowers that retain their color through the flowering season. This narrow upright crabapple maintains it's dark green disease-free foliage throughout the growing season. Small yellow to golden orange fruits appear in the fall.
