

MESA GLOW[®] M A P L E

Acer grandidentatum 'JFS-NuMex 3' PP 27930

***Plant Mesa Glow[®] Maple
for diversity and fall color***

Mesa Glow[®] Maple headlines our collection of “high desert tough” trees to be presented at ***Think Trees, an urban tree care conference***, January 18-19 in Albuquerque, New Mexico. JFS Communications Director Nancy Buley will recommend this exceptionally adaptable and colorful selection of the native bigtooth maple during her presentation: ***Creating Canopy – Planning and Planting for Diversity***.

Nancy joins an outstanding roster of top green industry speakers at the “Giants of Arboriculture” -themed conference: Dr. Ed Gilman (Professor Emeritus, University of Florida), James Urban, FASLA (soils and urban tree expert and author of *Up By Roots*), Paul Johnson (Texas Urban & Community Forestry) and Greg Miller, ASLA President. CEU’s for ISA, ASLA, SAF, CNGA are offered. For conference details and registration: <https://www.picatic.com/ttnm2018>

Mesa Glow[®] Maple was developed by Dr. Rolston St. Hilaire of New Mexico State University and brought to JFS for trial, evaluation and co-introduction with NMSU. Bare root whips are available. www.MesaGlowMaple.com
