

Red Oak

Look no farther than Red Oak (*Quercus rubra*) for cool summer shade and brilliant red fall color. This fast-growing, adaptable North American native oak thrives in urban and rural settings and is hardy through USDA Zone 4. It attains a height and spread of about 50' x 40' at maturity. This tough tree has many great virtues, including; verticillium tolerance, resistance to air pollution, tolerance of heat, drought and varied soils.
