

Stocking stuffer for tree lovers

Put a tree under your Christmas tree this year. A tree book, that is.

Urban Forests; A Natural History of Trees and People in the American Cityscape, is a page turner for those of us who care about trees. For those who are new to the magic of trees, it's a compelling, lively and interesting story that weaves together more than 200 years of tree stories and history.

In the course of her eight years of research for the book, author Jill Jonnes spent a day

touring our nursery and interviewed Keith Warren.

Named one of the "Best Books of 2016" by NPR, you can read about it here, and read a sample chapter, too. <http://jfss.co/ut-sa120916>

Order from your favorite local bookseller or online via the links on the author's website: www.jilljonnes.com
