Crimson Sunset[®] MAPLE

Acer truncatum x A. plat. 'JFS-KW202' P.A.F.

A tree for the future, this heat and drought resistant hybrid maple offers the rich purple foliage color that made Crimson King Maple a favorite of generations. Improved leaf quality, brighter fall color and smaller stature recommend it for shading homes on today's smaller lots. A more upright and symmetrical form make it a perfect fit for street tree use.
