

Pink Myst® Cherry

Prunus sargentii 'JFS KW21PS' PP 32619

Zone: 4
Height: 30'
Spread: 15'
Shape: Upright to upright oval
Foliage: Dark green
Fall Color: Orange to orange red
Flower: Deep pink

Bright pink flowers, darker in color than other Sargent Cherry blooms, smother the branches of this unique cultivar. Rich, dark green summer foliage turns to lovely shades of orange and red in autumn. It is also narrower and more upright in form than is typical of the species.
