

Zone: 5b Height: 35' Spread: 20' Shape: Upright narrow oval Foliage: Dark green Fall Color: Bright yellow

INSECT RESISTANCE: Japanese beetle

This is an excellent street tree selection from a species that has earned a reputation as a tough urban tree. Upright and narrow in form, it is much more slender than seedling hedge maple and a better fit for narrow city streets. It produces fewer seeds than typical of the species and has an improved, bright yellow fall color.
