

Fringetree

Chionanthus virginicus

Zone: 4
Height: 18'
Spread: 20'
Shape: Oval to spreading
Foliage: Medium to dark green
Fall Color: Yellow
Flower: Small greenish-white flowers borne in clusters, fragrant

In late spring, masses of fragrant and feathery blooms cover the branches of this tree whose Latin name translates to "Snow Flower." Adaptable to varied soils and climates, and quite tolerant of urban conditions.
