

Jean's Appalachian Snow Dogwood

Cornus florida 'Jean's Appalachian Snow'

Zone: 5
Height: 20'
Spread: 15'
Shape: Rounded
Foliage: Green
Fall Color: Bright red
Flower: White, large and overlapping bracts
Fruit: Red

DISEASE RESISTANCE:
Powdery mildew

Very large blooms are borne at a young age by this handsome selection of a beloved Southeastern US native tree. Excellent resistance to powdery mildew and reliably bright red fall color are among reasons to grow this resilient, adaptable cultivar that was developed at the University of Tennessee Institute of Agriculture.
