

Sterling Linden

Tilia tomentosa 'Sterling'

Zone: 5
Height: 45'
Spread: 35'
Shape: Broadly pyramidal
Foliage: Leaves green with silver-gray undersurface
Fall Color: Yellow

INSECT RESISTANCE:
Japanese beetle

A vigorous growing tree with a very neat and symmetrical shape. Its two-tone leaves, dark green above and silver below, shimmer in the slightest breeze. Thanks to their fuzzy (tomentose) texture, they resist the feeding of insects.
