

Nyssa sylvatica 'David Odom'

Afterburner® Tupelo

Height: 35' | **Spread:** 20'

Zone: 5

Shape: Upright pyramidal to oval

Foliage: Bright green, glossy

Fall Color: Bright red

Fruit: Blue-black, $\frac{3}{8}$ "

Symmetrical, uniform and upright branch structure and straight central leader make this cultivar easier to grow and better suited than seedlings of the species for use as a street tree. High gloss foliage shines through the summer and then turns bright red in fall, burning brightly after most tupelo have defoliated.
