

Three Cheers™ Maple

Acer circinatum 'HSI2'

Zone: 5

Height: 15'

Spread: 8'

Shape:

Upright oval

Foliage:

Dark green

Fall Color:

Medley of orange, red, yellow

Fruit:

Red samaras

Dark green leaves and bright fall color are typical of our Pacific Northwest native vine maple. Tiny yellow flowers of spring are followed by petite winged seeds. Unusually upright branch angles and narrow form are easily trained into a symmetrical tree form, making it a fine choice for native-themed gardens where a small tree is desired.
