

Choice City Select® Chinkapin Oak

Quercus muehlenbergii 'PTimB3S'

Zone: 4
Height: 55'
Spread: 35'
Shape: Rounded oval
Foliage: Deep dark green
Fall Color: Red

A Plant Select® introduction, this Chinkapin Oak was discovered by Tim Buchanan in Fort Collins, Colorado. This superior cultivar has excellent branch structure and glossy dark green foliage. It is tolerant of high pH soils and drought tolerant once established. Autumn brings an outstanding show of red foliage.
