

DeltaSky™ Hackberry

Celtis occidentalis 'Jefsky'

Zone: 3
Height: 35'
Spread: 30'
Shape: Upright oval
Foliage: Dark green
Fall Color: Yellow

This Hackberry was selected and tested by Jeffries Nurseries in Manitoba, Canada. It develops a tighter crown and is more upright than typical Hackberry seedlings. The dark green foliage holds up well to summer heat and the tree exhibits great hardiness and performance in cold climates.
